Scale: 1 inch = 800 feet (each small square = 10 acres)

Show by a cross (X) the location of point of diversion (surface water source) or point of withdrawal (ground water source): For ground water applications, show by a circle (O) the locations of other wells or works within a quarter of a mile.

Indicate traveling directions from nearest town in space below.

The Well site is about 200' North of the intersection of 6th street &

Klickitat Avenue. It is near an existing Booster Pump Station on the edge

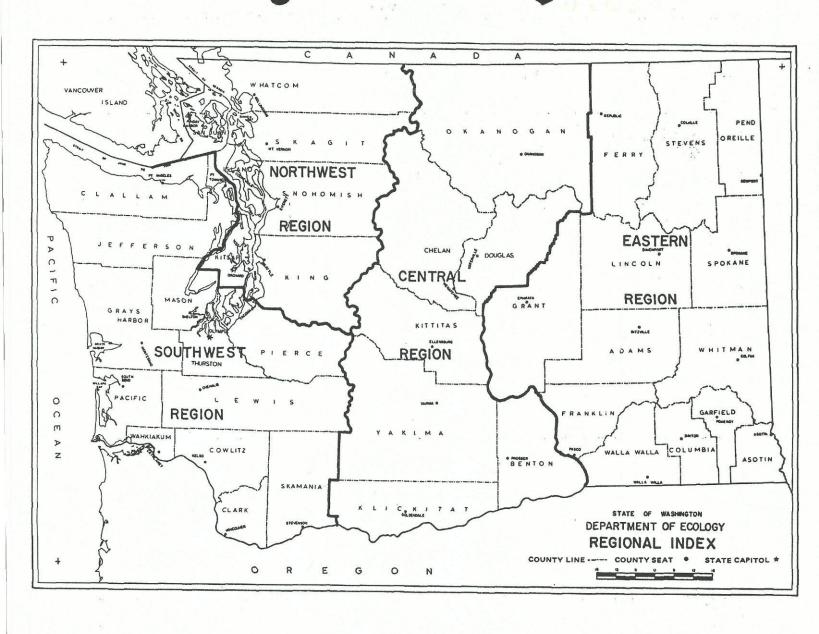

of a cleared field.
